### LOCATION

There is one opening with the Washington Military Department at Boeing Field in Seattle. This register will be used to fill vacancies as they occur in Seattle (17.28).

### DUTIES

Under the direction of the Construction and Maintenance Superintendent, performs journey level work in the maintenance and repair of Air Guard buildings/facilities. This includes working with heating and ventilation, electrical and plumbing systems.

This position requires work at multiple locations and the ability to transport supplies/equipment.

### REQUIREMENTS

Completion of a recognized apprenticeship in a skilled mechanic trade; or four years of experience in repair work as a full-time helper to a journey level plant mechanic.

This position is covered by a union shop provision. Therefore as a condition of employment, candidates who are appointed are required to become members of the Washington Public Employees Association (WPEA), or arrange to pay to that union a fee equivalent to its regular monthly dues.

### CONDITION OF EMPLOYMENT

Background investigations are required due to the nature and security requirements of the Air National Guard's computer system. Applicants will be required to sign releases of information and shall not have access to any investigative materials or files. Background investigations are part of the pre-employment selection process and are not a commitment to employment.

### WHO MAY APPLY

This recruitment is open to anyone who meets the requirements. The State of Washington is an equal opportunity employer.
